Call Before You Dig

Planning a home improvement job? Planting a tree? Installing a fence or deck? WAIT! Here's 788-2297 what you need to know first:

Whether you are planning to do it yourself or hire a professional, smart digging means calling **811** before each job. Homeowners often make risky assumptions about whether or not they should get their 456-3142 utility lines marked, but every digging job requires a call – even small projects like planting trees and shrubs.

KNOW WHAT'S BELOW. CALL 811 BEFORE YOU DIG

KBJM Farm & Home Show

On March 13, WRCTC, along with Grand Electric, were among the many businesses that had a booth at the Beeler 376-3544 Community Building. If you were one of the many individuals who attended the Farm and Home Show, you may have stopped by

our booth to grab a bag of popcorn, chat with us about our services or smart home gadgets, or to sign up for one of two \$25 bill credits. This year any new Fibervision customer 257-0062 who signed up for TV and the maintenance plan, for at least 90 days, will receive an Echo Dot at the time of installation. Connie Bootz, Sara Hauser, Andy Arthur and Tyrell Ellingson were on hand to answer any questions. Lee Tomac and Cheryl Hodges, both from Lemmon, will have a little extra spending money in April as they were the winners of the \$25 bill credits. Congratulations, Lee and Cheryl!

Thank you to everyone who attended the KBJM Farm and 374-5141 Home Show and to those who stopped by our booth.
