Call Before You Dig

Planning a home improvement job? Planting a tree? Installing a fence or deck? WAIT! Here's what 12478 Bob's Place, Buffalo; you need to know first:

Whether you are planning to do it yourself or hire a professional, smart digging means calling 811 before each job. Homeowners often make risky assumptions about whether or not they should get their utility lines marked, but every digging job requires a call – even small projects like planting trees and shrubs.

Members' visit WRCTC's booth

KBJM Farm & Home Show

On March 11, West River Cooperative Telephone Company, along with Grand Electric, were among the many businesses that had booths at the Beeler Community Building for KBJM's Farm and Home Show. If you were one of the many individuals who attended the Farm and Home Show, you may have stopped by our booth to grab a bag of popcorn, chat with us about our services or Managed Wi-Fi, to view the barn camera display, or to watch some of the State Girls Basketball Tournament.

Andy Arthur, Technician, discusses Barn Camera's with Members

WRCTC gave away hats and Koozie mugs to members and they were able to sign up for one of two \$25 bill credits. If a member signed up to have Managed Wi-Fi installed, they were put into a separate drawing for a \$50 bill credit! Connie Bootz, Brooke Schecher, Andy Arthur and Tyrell Ellingson were on hand to answer questions as well as show members how the new CommandIQ application works. Deloris Hintz and Phyllis Schmidt, both from Lemmon, were the winners of the \$25 bill credits and LouAnn Bubbers won the \$50 Managed Wi-Fi bill credit! Congratulations! Thank you to everyone who attended the KBJM Farm and Home Show and to those who stopped by our booth!
